Other Work

100 editorial articles written in the Ophthalmic Surgery Journal as editor-in-chief from Dec 1999 until March 2024 (ISSN: 1791-0072 and ISSN:2653-942X). I received an honorary plaque in March 2024 for my contribution in the education of the Hellenic Ophthalmologists.

I served as visiting professor of Ophthalmology at the Slovak Medical University in Bratislava during the years 2012 – 2018 with lectures to residents of ophthalmology and presentations in international ophthalmology congresses, promoting the work of SMU.

Since the last academic year (2023-2024), I have the responsibility of the education of the groups of final-year medical students of UNIC in Ophthalmology at the 1st Ophthalmology Clinic of Metropolitan Hospital in Athens. We have developed a full series of lecture slides with all the syllabus requested by the university. We cover all the important topics of our specialty, including clinical examination and basic surgical procedures during a busy week schedule of 30 hours. I have participated in the exams of the students in Athens in 2024.

In the last 3 years, I participate as lecturer in the postgraduate fellowship program of the Aristotle University in Thessaloniki entitled “Ophthalmic Surgery” by prof. Ioannis Tsinopoulos.

In 2017, I received the title of FEBOS-CR (Fellow European Board of Ophthalmology Subspecialist in Cataract and Refractive Surgery) after examinations. This title has been developed by the EBO (European Board of Ophthalmology) and ESCRS (European Society of Cataract and Refractive Surgery) to certify the expertise and advanced knowledge of experienced cataract and refractive surgeons. I am proud to be the first Hellenic ophthalmologist to receive the title and to be among the first 15 European surgeons on the Wall of Honour of the ESCRS.

In May 2022 we performed the first implantation in the world of Implantable Miniaturized Telescope utilizing the FLACS (Femtosecond Laser Assisted Cataract Surgery) technique in 5 patients with Age-related Macular degeneration.

In December 2012, our team performed for the first time in the world, a quadruple

operation for the reconstruction of the anterior segment of the eye with success, including penetrating keratoplasty, glaucoma valve insertion, cataract surgery and artificial iris implantation.

I have been invited to give lectures in several countries abroad, including Italy, Egypt, Cyprus, Slovakia, Germany, Turkey, Russia, Saudi Arabia, United Arab Emirates, Croatia and Hungary and in multiple locations of Greece. I speak 5 foreign languages (English, German, French, Italian, Turkish)

Educational and Professional Background

Education (Undergraduate and Postgraduate):

PhD, University of Leipzig, Germany, 2002

MD, University of Athens, 1985

Positions Held:

Director, Ophthalmology Clinic, Athens Metropolitan Hospital, 2002-now

Director, Ophthalmo-Check Advanced Ophthalmic Microsurgery Center 1992-now

Professional Memberships / Associations:

Hellenic Society of Intraocular Implant and Refractive Surgery

(President: 2007-2011) (Gen.Secretary: 1999-2007)

European Society of Cataract and Refractive Surgery

Hellenic Ophthalmological Society

American Academy of Ophthalmology

American Society of Cataract and Refractive Surgery

Southeastern European Society of Cataract and Refractive Surgery

Greek Glaucoma Society

Greek Cornea Society

Barraquer Society, Honorary Member

Other:

Editor-in-Chief of Ophthalmic Surgery Journal (Ophthalmochirurgiki) for 25 consecutive years (1999 – 2024). This is currently the only ophthalmology journal in Hellenic language. It is published quarterly and distributed gratis to all Greek and Cypriot Ophthalmologists.

Research & Publications

Doctoral Dissertation Title: Phacosclerectomy for the Combined Management of Cataract and Open Angle Glaucoma, University of Leipzig, Germany, 13 June 2002

Research Interests:

Treatment of Presbyopia

Refractive Cataract Surgery

Multifocal Intraocular Lenses

Special Intraocular Lenses for Low vision Patients

Preservative-free medication for glaucoma (COMfort Eye Trial)

Artificial Iris Implantation

Femtolasers in cataract surgery

High-end technology in Ophthalmology
